

U1.10		View Booking History		Priority	High
				Effort	7
As an	customer				
I want	To be able to view the history of my bookings				
So that	I can check the status of my old and new bookings				
Acceptance Criteria	<p>AC1:</p> <p>Given that a customer has login to the system When a customer clicked on "Booking History" button Then a list of customer's booking history should be displayed. Each booking history should display booking date and status.</p> <p>AC2:</p> <p>Given that a customer has login to the system When a customer clicked on "Booking History" button Then if a customer is new and never created a booking before, "No booking History" will be displayed on the web page.</p>
