Acceptance Test (Negative)	6

Acceptance Test #1

User Story

User Story (Requirement #8, Story #1): View Employee Profile	Story Points: 5	Priority: High
As a Worker (Employee) I want to be able to view my current profile So that I ensure my personal details are up to date		

Acceptance Test (Positive)

ID	E1.1
Purpose	Testing the abilities of the system to call employee information
Set Up	User is logged in with their employee account
Steps	1) On the landing page, navigation bar is toggled
	2) "My Profile" button selected
	3) Await system to locate user data
Expected Result	System successfully recalls data from the database; no problems found

Further acceptance testing on the following page for this user story.

Acceptance Test (Negative)

ID	E1.1
Purpose	Testing the abilities of the system to call employee information
Set Up	User is logged in with their employee account
Steps	1) On the landing page, navigation bar is toggled
	2) "My Profile" button selected
	3) Await system to locate user data
Expected Result	System reports that there was an error in connecting to the database; user's data is not shown

Acceptance Test #2

User Story

User Story (Requirement #8, Story #2): View Employee Schedule	Story Points: 7	Priority: High
As a Worker (Employee) I want to be able to view my assigned working hours/days So that I know when I will be required to work next		

Acceptance Test (Positive)

ID	E1.3
Purpose	Testing abilities of the system to recall employee work schedule from the database
Set Up	User is logged in with their employee account
Steps	1) On the landing page, navigation bar is toggled
	2) Selects "My Schedule"
	3) Await system to locate user's work schedule
Expected Result	System successfully recalls and displays the user's work schedule; no issues found

Further acceptance testing on the following page for this user story.

Acceptance Test (Negative)

ID	E1.3
Purpose	Testing abilities of the system to recall employee work schedule from the database
Set Up	User is logged in with their employee account
Steps	1) On the landing page, navigation bar is toggled
	2) Selects "My Schedule"
	3) Await system to locate user's work schedule
Expected Result	System reports that there was an error in connecting to the database; user's work schedule unable to be displayed
